

Ageless Dreamer® an attitude worth having®

Our Vision

It's our belief that someone is never too old to dream. It's through the expression of a dream, that our oldest generation will share their wisdom, talents, and knowledge with us.

Our Mission

We make long held, heartfelt dreams come true for our oldest generation, encouraging them to dream out loud, enhancing their quality of life.

Our Purpose

The organization's primary charitable purpose is to educate caregivers and adult children on the emotional, cognitive, and physical therapeutic benefits of elder dreams and dream fulfillment. Ageless Dreamer aims to fulfill dreams to someone 70 years or better who has shared their dream with a friend, neighbor, caregiver, or family member.

Our Guiding Principles

To take care and respect in these guiding principles that cement the belief system of what we believe, who we are, and how we engage those working closest with our oldest generation.

Focused on our Oldest Generation

A dream is often unspoken because of the business and busyness of basic day to day Care activities. Ageless Dreamer works to unleash those dreams.

During the ride in the rain, the driver asked Lura if she wanted to go back. She said, "No, I'm 100 years old, I've been through the Depression and WWII. I'm not going to melt. I want to keep going." - Lura J.

Fulfilling Dreams for NH Elders

Sponsoring Ageless Dreamer® Delivers Valuable Corporate Benefits!

Did you know that only 2% of non-profit giving goes to the elderly yet they will soon represent approximately 25% of New Hampshire's population? Elders are the great grandparents, grand parents, parents, and uncles and aunts. For those of us in business they are the consumers who built our business. Many of them were our leaders, protectors, and providers.

Ageless Dreamer gives you and your firm a way to honor the elderly through our Corporate Sponsor program. Being a Corporate Sponsor is a positive way for you and your firm to give back to our elders.
